

DN Nagar to Mankhurd Metro-2B Corridor M/s. Simplex Infrastructures Ltd. to design and construct viaduct and stations

Mumbai, November 13, 2017 – The Mumbai Metropolitan Region Development Authority (MMRDA) today opened tenders invited to design and construct 12-km long viaduct and eleven elevated stations (First Part) on the DN Nagar to Mankhurd Metro-2B Corridor and have given nod to M/s. Simplex Infrastructures Ltd. being the lowest bidder at rupees one thousand eighty crores.

“This is another important step towards developing metro network in the city which is the need of the hour. The contract will be awarded to the contractor after the Executive Committee accords its approval”, said Mr. U.P.S. Madan, Metropolitan Commissioner, MMRDA.

M/s. Simplex Infrastructures Ltd. will construct 11 elevated stations from ESIC Nagar, Prem Nagar, Indira Nagar, Old Airport, Khira Nagar, Saraswat Nagar, National College, Bandra (W), MMRDA Office, Income Tax Office and BKC.

The DN Nagar to Mankhurd Metro-2B Corridor is 23.5-km long corridor and will have 22 stations. The expected daily ridership on the corridor is more than 8 lakh commuters. This corridor is also expected to save fuel, time and improve environment.

The remaining 11 stations from MTNL Metro, SG Barve Marg, Kurla Terminal, Kurla-E, EEH, Chembur, Diamond Garden, Shivaji Chowk, BSNL Metro, Mankhurd, Mandala (Depot) will be tendered separately.
