

Charging of 220 KV diverted overhead line of R-Infra at Magathane In connection with construction of Metro Line -7

Mumbai, 29 June, 2018 - It is informed to general public that 4 new monopole towers (AP-02 to AP-05) has been erected on East-side of WEH for diverting 220 KV EHV line of R-Infra infringing Metro Line-7 at Magathane site (Near bus depot). This new diverted line will be charged on 220 kV on 01/07/2018 from existing tower no. VAB-77 on west-side of WEH via 04 no. new monopole towers (AP-02, AP-03, AP-05) and existing tower no. VAB-71 in the compound of M/s. Allied Concrete works ltd on East side of WEH. It is informed to general public that under this line any construction of any new house/shop or plantation of any type of trees are violation of Indian Electricity Rules Act 1910 Article 18, sub Article 3 & IER 1956 Article 82. Due to this reason there may be interruption in supply at any time & any fatal/non-fatal accident can be occurred & may cause harm to human life & property.
