

Mono stoppage – Statement by Mr.Dilip Kawathkar, Joint Project Director (PR), MMRDA

Today, April 10, 2019, a Mono train (RST-04) was rendered unfunctional due to power failure, and was coupled with RST-06 to the Wadala Depot, stopping the Monorail services from 10.01am to 10.45am, causing a total stoppage of 44 minutes.

The Monorail services resumed normalcy at 10.45am.

The under-repair RST-04 too resumed function at 10.55am.
