

MMRDA's Executive Committee Meeting held today Contractors for Dahisar (E) to Andheri (E) Metro recommended

Mumbai, April 18, 2016 – The Executive Committee of the Mumbai Metropolitan Region Development Authority (MMRDA), headed by Mr. Swadhin Kshatriya, Chairman, Executive Committee, MMRDA and Chief Secretary, Government of Maharashtra, today accorded administrative approval to the appointment of contractors to design and construct an elevated viaduct and 16 stations on the 16.5-km long Metro-7 corridor from Andheri (E) to Dahisar (E) in three packages.

The Executive Committee has recommended appointment of M/s. Simplex Infrastructure Ltd. to design and construct the first package consisting of an elevated viaduct and five elevated stations – namely – Andheri (E), Shankarwadi, JVLR Junction, Mahanand and new Ashok Nagar.

The Executive Committee has further recommended appointment of M/s. J Kumar Infraprojects Ltd. to design and construct the second package consisting of an elevated viaduct and six elevated stations – namely – Aarey, Dindoshi, Pathan Wadi, Pushpa Park, Bandongri and Mahindra & Mahindra.

The Executive Committee also recommended appointment of M/s. NCC Ltd., to design and construct the third package consisting of an elevated viaduct and five elevated stations – namely – Magathane, Devipada, National Park, Ovaripada and Dahisar (E).

The three winning bidders will design and construct the entire corridor and all 16 stations within a period of 30 months.
