No. BMRDA/MTG/16.
BOMBAY METROPOLITAN REGION DEVELOPMENT AUTHORITY, 18th floor, New Administrative Building, Madame Cam Road, Opp. Mantralaya, Bombay-400 032.

Date:-17th October, 1978.

The Minutes of the 16 th meeting of the Bombay Metropolitan Region Development Authority held on the 26th September, 1978, are enclosed.
2. A marathi translation will follow.

To:
All Members \& Permanent invitees.
The Officers of the B.M.R.D.A.
adk/17/x/78

## MINUTES OF THE SIXTEENTH MEETING OF THE BMRDA 

DARE : 26th September, 1978.
TIIE : $10.30 \mathrm{~A} . \mathrm{M}$.
PLACE : The Corporation Hall of the Bombay Municipal Corporation.

A list of members and invitees present is attached. (Annexure 'A').

The Mayor welcomed the Chairman and the members of the Authority.

The meeting began with an address by the Chairman. A copy of the address is enclosed. (Annexure ' $B$ '). unt

A Resolution placing on record appreciation of services rendered by Shri V.K. Tembe and the deep sense of loss felt by the Authority at his sad denise was placed on record. (Annexure 'G').

Another lesolution appreciating the services rendered by Shri P.V. Nayak as Metropolitan eomissioner was adopted. (Annexure ' $D$ '). The items on the Agenda were thereafter taken up for consideration.

Item No. 1 : Confimation of the minutes of the last
(Fifteenth) meeting held on the 31st March, 1978.
The minutes were confirmed.
Item No. 2 : Action taken-on the minutes of the last (Fefteenth) meeting.

Action taken was noted.
With reference to item no. 2 of the statement of action regarding provision for development and expansion of existing goothans in New Bombay and rehabilitation of local persons affected by the acquisition of land for the development of New Boubay, a copy of the reply given by the then Minister for-Industry to a Resolution moved by Shri S.D. Baswant, MLC, in the Council on the 28th October, 1977 on

```
the same.....
```

the same suibject, was placed on the Table as desired by Shri Baswant. Refering to the assurances given by the Minister in the Legislative Council, Shri Baswant pleaded for urgent action for development and expansion of gaothans in all villages, rehabilitation of local persons affected by the acquisition of land and relaxation of restrictions on land use in the area under acquisition. Some members as well as Shri Baswant demanded appointment of a Comittee of members to study the question and recomend to the BMRDA and Government measures required to be taken to redress the grievances of the local persons affected by acquisition of land in New Bombay. The Secretary to the Government, Urban Development Departpent, explained that the proceedings for land acquisition would be expedited as soon as the question whether the land should be acquired under the Land Acquisition Act or under the Urban Land (Ceiling ह. Regulation) Act, 1976, is decided by the Government. He clarified that the Notifications issued under Section 4 of the Land Acquisition Act did not imply any restrictions on construction of "Farm Houses". The discussion was concluded with an assurance by the Chairman that he would hinself visit the area along with sone of the ménbers of the Authority who are concerned/ interested in the matter. He also agreed to convey to the State Government the urgency of taking appropriate action in the matter.
Item No. 3 : Modification of the Regional Plan - Govt. Notification No.RPI-1178/287-UD-5, dated March 15, 1978.
The Authority considered the Agenda Ncte. The members felt that they would require more time to study the proposal in all aspects. The Authority thereafter passed the following resclution :-

RESOLUTION 149: Resclved that the State Gcvernment be requested to extend the last date for receiving objections and suggestions in respect of the proposed modifications to the Regional Plan published in the Governmeat Notification $N O . \mathrm{RPB}-1178 / 28^{\prime \prime}-\mathrm{UD}-5$, dated the 15 th March, 1973, till the 31 st December, 1978 to
enable the Authority to express its views on the proposal.

## Item No. 4 : The modified planning proposals for the Bandra-Kurla Complex (Direct Action Area)

The Authority considered the Agenda Note. Some members expressed concern over the effect of reclamation on the flood absorption and environmental conditions resulting in increased mosquito nuisance in the area. The Metropolitan Commissioner explained that on the basis of the report of the hydraulic studies of the WPBS, Khadakwasala, the project provided for the channelisation of the Mahim river and Vakola Nalla, which when completed would result in a very significant improvement cf the environmental conditions in the area. He stated that a Coordination Comittee consisting inter-alia of representativas of the Municipal corporation has been set up to consider and carry out the programe of development including channein a coordinated manner. The reclamation \& channelisation would the conditions be allowed to be affected adversely. He informed the Authority of the proposals made to the State Government to a low allotment of land already reclaimed with a view to raising the finances required to meet the cost of development, including channelisation in stages.

The Committee then passed the ficllowing resolution :-
RESOLUTION 150: Resolved that further to Resolution No.118, dated the 9th June, 1977, the Metropolitan Authority, having considered the report of the Planning Committee presented under sub-Section (3) of Section 28 of the Maharashtra Regional and Town Planning Act, 1966 ("the Act", for brevity) and the objections and suggestions received by the Planning comittee, do in exercise of its powers under clause (d) of subsection (3) of section 40 of the Act and all other powers enabling it in this behalf approve of the Planning Proposals for the development of lands situate in a portion of the Bandra-Kurla Notified Area specified $n$ Government Notification, Urban Development and Public Heal h Department, No. BKK-1177/262-UD-5, dated
the 7th March, 1977 being nodified as shown in Annezure IV tb the Agenda Ncte and the Pianning Proposals so modified being subuitted to the State Government for approval.

Resolved further that the Metropolitan Comissioner be and is hereby authorised to submit the foregoing wodified Planning Prcposals to the State Government for approval.

Resclved further that the action taken ic publish the notice in Marathi in Navshakti instead of Loksatta in partial ncdification to Resolution No.118, dated the 9 th June, 1977 , be and is hereby confirmed and ratified.

Item NC. 5: Shifting of Wholesale Agricultural Produce and Iron \& Steel Markets and Yard Activities to New Bombay.

The Authority considered the Agenda Note. The proposal was welcomed by the members. The following points were raised during the discussions:-
(1) There should be provision for nore truck terminals.
(2) Utilisation of lands vacated by shifting of markets.
(3) The local consumers in South Bombay should not be allcwed to be affected adversely by shifting of the wholesale markets.

The Metropclitan Coivissicner replied to these points in detail and explained that as regards(1), though the Minister's speech refers only to the main general truck terminal for the city, this will be supplemonted by a number of subsidiary truck tervinals for each of these markets. Besides, the shifting of wholesale trading activity from scuth Bombay will relieve traffic burden on the Bombay Island very substantially.

As regards the alternative land use of the area vacated by the wholesale aarkets, the comissioner drew attention to the report of the Study Group appointed under the Chairuanship of Shri B.N.Adarkar, tc suggest alternative uses for areas to be vacated by shifting of marisets from south Bombay, which was placed on the Table. The fetropolitan Comissioner explained...

- ..... that
that it was necessary to have an loment of legal sanction tc support the efforts of the trading community to the shifting of wholesale markets. So far as the agricultural markets are concerned such powers were already available to Govt. under the A.P.M.C. Act, 1964, but a new legislation would be necessary for other commodities, which do not fall within the purview of the Agricultural Produce Market Act, 1964.

As regards (3), the office of the Authority had carried out studies which showed that the proposed shifting will not affect the retail and semi-wholesale trade in Bombay.

The Authority then passed the following Resolution:-

RESOLUTION 151 : Resolved that the proposals for shifting cf wholesale Agricultural Produce Markets and Wholesale Iron \& Steel market and Yard activities from Bombay and development of agricultural produce market at Vashi-Turbhe and iron \& steel market and yard at Kalamboli area near Panvel in New Bombay, as outlined in the Agenda Note, are generally approved and the Commissioner .... is authorised to tale further necessary steps to achieve the stated objectives.

```
Iten No. 6 : Rulaxation of F.S.I. livit for Hotel.
                    Industry in Bombay.
```

The consideration of the Agenda Note was postponed.

Item No. 7: Accounts of the Authority for the year 1977-78 and report of the Financial Adviser thereon.

The Authority considered the Agenda Note. Accounts for the year 1977-78 and report of the Financial Adviser were noted.
..... Item No. 8 :

The consideration of the item was postponed.

Item No. 9 : The B.M.R.D.A. (Conditions of Service) Regulations, 1977 - amendment of.

The Authority considered the Agenda Note and passed the following resclution:-

RESOLUTION 152: Resclved that the draft B. M. R.D.A. (Conditions of Service) (Second Amendment) Regulations, 1978 as shown in the Annexure ' $E$ ' are approved.

Iten No. 10 : Development of out-lying areas of B.M.R. and B.M.R.D.A.'s Fund Structure.

The Authority considered the Agenda Note. It was agreed that a note on the assistance providad for the areas of B.M.R. outside Greater Bombay since the inception of the B.M.R.D.A. will be placed before the Authority in its next reeting. The Authority then passed the following resolution:-

RESOLUTION 153: Resclved that the Authority endorses the recomendation aade by the Standing committee and request the State Government :
(i) to pake an annual contribution of not less then R. 5.00 erores to the B.M.R.D.A. under Section 18(1)(a) of the B.M.R.D.A. Act;
(ii) to allow the B.M.R.D.A. to recoup its regular deficit relating to planning, ccordination, monitoring and surveys and studies, from the contributions to be received under Section 18(1)(a); and
(iii) to make an appropriate one-time capital grant for making essential fixed capital expenditure by the Authority.

Item NC. 11 :- Letter of Meyor of Bombay, regarding the issues raised in a letter to Editor, Indian Express (Dt.15.6.1978) under the heading "Save Bombay".

Noted.
Iten No. 12: Letter of Nayor of Bombay, regarding the issues contained in the article in Maharashtra Times(Dt.21.6.78) by Dr. P.J.Deoras about BandraKurla Complex \& Shifting of Cloth Markets.
Ncted.

8) Sixi S.V.Bheve, Chice Secretary,
9) Shri P.R.Fusalkar, General Manager, Central Railway.
10) Shri B.G.Deshurkin, Municipal Gomissioner, BMC.

I would like/diaw your particular attention to the sad demise of Shri V.F.Tembe, who was a very active-and valued menber of this Authority. He lived and worlsed in the true spirit of public service. We in this Authority along with the citizens of Bombay deeply mourn his premature
passing away.
In the month of June this year, Sheri P.V.Nayair, the Metropolitan Comissioner was transferred, and replaced by Shri Madhav S. Pelnitrar. I would like to place on record cur appreciation of the services of the ex-Metropolitan Comissioner, Shri P.V. Nayak, who conducted the affairs of the Authority during the initial period so ably

Coring to the main work before the Authority the last meeting of the Authority was held in March, 1978. Ordinarily, there should have been another meeting in July, but for reasons which are well known, no meeting could be held in July or August.

Since its inception in 1975, for the purpose of a well coordinated development of Greater Bombay and its environs, this Organisation has been conducting a large number of studies in depth which have resulted in the identification of basic problems of this great metropolitan area and alternative approaches to the solution of these problems have to a substantial degree been scientifically worked out. In tho absence of such a basic work no physical work is possible for the development of an area covering 4000 sq.a. With a population of more than 9.5 million. The problem was and is all the more difficult, because of its complex economic and geographic reasons and the fact that this area serves as a hub for the economic activities of the whole country. Obviously during this period nothing substantial could be physically noticiable by the citizens of this area. The work which has been gone into the foundation over last 3 years, has now reached a critical stage. We are now in a position to launch major and massive schemes which will not only immediately ameliorate living conditions in this area but will go a long way in starting the trend for a well ordered and properly
thought cut development cif the entire Region, and thereby help us achieve two major goals viz., contimued improvement in the quality cf life and contimued additien of strength to the whole Region to act as a leader in further economic development ci the Country.

As you are already aware, apart from the basic planning process, certain schemes with the help of the World Bank for improvement of water supply and road and transport network in the BMC area are already under execution. Apart from these, there are a number of existing schemes and plans which are about to be launched by us during the Sixth Plan period to which I will refer a little later. I would like to take this opportunity to place a short list of these schemes before you for ycur information.
(1) The first is the imediate development of Bandra-Kurla area to act as a subsidiary comercial centre to relieve the pressure in Scuth and Central Bombay;
(2) Varicus schemes including water supply, area development and improvement of local infrastructure in the Kalyan Complez which covers six Municipalities from Thane to Ambernath and more than 100 villages in and around it. A water supply scheme which would cost apprcx. Rs. 80 erores and is already in an advanced stage of negctiations with the World Bank and the other cognate schemes which will becone operational during the course of nezt 12 to 18 nonths - each of these detailed schene will be presented by the organisation to you in due course and your valued advice would be of great help in their furtherence;
(3) The truck temtinei at Wadala - a scheme which is under discussion with the Forld Bank and the inland water transport project spreeding over the Thane Creek and the Bombay Larbour, are two major schemes which will improve the transport and comunications facilities in this area;
(4) Apart from....
(4) Apart from scheme for expediting the transfer of jobs to Nev Bombay including the CBD at Belapur, I am sure you will join with me when I say that every citizen not only of this area but every well thinking citizen of the country strongly feels that the healthy and prosperous development of this Region, which has a nexus with the economic growth of the Country, requires urgent action for the construction of ancillary harbour facilities at Nava-Sheva. You must be conversant that our urging has resulted in the Planning Commission setting up a High Level Committee for immediate consideration of this matter under the Chairmanship of Dr. Ajit Muzumdar. Your organisation is not only doing everything possible for securing the starting of this project but is also preparing subsidiary plans and schemes to take advantage of the gains which might occur as a result of the coming of the Nava-Sheva harbour into reality;
(5) I need hardly mention the massive Bombay Urban Transport, project which is under execution with the financial assistance of the order of 225 million from the World Ban路。
(6.) Your organisation has focussed the attention of the Railway Board for improving the railway network in this Region, especially on immediately taking up of the DivaBelapur line and the Chembur-Panvel line across the creek and optimisation of the traffic on the central Railway. We are receiving a very favourable response from the Railways.
2. Even thishrief description of the projected activities for the next two-three years will make it clear to you that most of these activities are what could be called multi-agency antivities, af. therefore, the BMDDA in performance of its role as a catalytic agent and co-ordinetor, must prepare a well understood, practicable and feasible plan profile to dovetail all these activities. Substantial work in thispirection hes been completed in recent months, and the first outline profile of the Sixth Plan period which envisages an investment of the order of Bs. 1,900 crores through all the agencies (including the private sector in some respects), is being prepared for being presented to the State Government's Planning authorities in due course. During the next $f e w$ months, this/Plan will be presented
through the state Government to the national planning authorities, and I am confident with a few marginal changes, this frame will receive the seal of national approval and will then form a basic guideline for public and private investment during the Sizth Plan period in this region. I must hasten that this problem is now only at its outline stage and is being given a proper shape by the experts concerned. I will have the pleasure of presenting to you in a proper shape the draft plan for your consideration and advice in the near future.
3. Maharashtra is one of the most urbanised States in the country with more than one-third of its population in the urban areas; and the Bombay Metropolitan Region is the main sarce of this urbanisation and therefore, the problems of this Region are both complex as well as of serious economic and demographic dimensions, but I am sure, that the mature experience of the members ${ }^{\circ}$ of this Authority, the task is not beyond our capability.

I would now like to turn to the agenda.

## RESOLUTI ON

Shari V.K. Tembe, a former Member of the Authority, passed away on the 30th August, 1978. Shri Tembe had been a member of the Authority since the beginning. He was also a member of its Standing Committee. During this period, Sheri Tembe evinced a keen interest in the affairs and work of the Authority. His guidance on several matters, particularly those relating to finance, had been of immense help to the Authority and its Committees in their deliberations. The Authority wishes to place on record its appreciation of the services rendered by Shri Tembe and also its deep sense of loss as a result of his sad demise.

[^0]
## RESOLUTI ON

The Authority wishes to place on record its appreciation of the services rendered by Shri P.V. Nayak, as the Metropolitan Commissioner. Shri Nayak, assumed the office of the Metropolitan Comissioner at a time when the role and functions of the Authority had not yet been clarified. During his term of less than 2 years, Shri Nayaik made very significant contributions, particularly in defining the role and functions of the Authority and giving shape to several projects, which are new at various stages of consideration/implementation. Particular mention needs to be made of the proposals for water supply and sewerage schemes in the areas outside Greater Bombay, Thena Creek Ulhas River-Bassein Creek Inland Waterway Project, development of Bandra-Kurla Complex and the proposal to shift wholesale textile market to the Bandra-Kurla area. Shri Nayak was also instrumental in inplementing the policy enunciated by the Authority under Section 13 of the BMRDA Act, 1974, in regard to restrictions on certain developments adverse to the overall development of the Metropolitan Region.

While placing on record its deep appreciation of his services, the Authority wishes him every suceess in his new assignment.

## THE BOMBAY METROPOLITAN REGION DEVELORMENT AUTHORITY (COIDITIONS OF SERVICES) (2ND <br> AMENDMENT) REGULATIONS, 1978.

In exercise of the powers conferred by sub-section
(2) of Section 11 and Clause (b) of Sub-Section (2) of Section 6 , read with Section 50 of the Bombey Metropolitan Region Development Authority, 1974, the Bombay Metropolitan Region Development Authority hereby makes the following Tegulations, namely :-

1. (i) These Regulations may be called the Bombay Metropolitan Region Development Authority (Conditions of Service) (Second Amendment) Regulations, 1978.
(ii) They shall come into force at once.
2. After Regulation 5 of the BMRDA (Conditions of Service) Regulations, 1977, the following Regulation shall be inserted, viz. :
"6. Wherever the Rules and Orders applicable to the servants of the Government of Maharashtra referred to in Regulation 3 shall state or declare that a certain act, thing or deed shall be done or not done with the consent, assent, sanction or approval of the authority or person specified therein, such authority or person shall, for the purposes of these Regulations, be the Metropolitan Commissioner or any officer of the Authority designated by him from time to time by a general or special order."

Vp:17.10.78.
